Genetic testing Leonberger Polyneuropathy (LPN)

You have contributed samples to our research project, thank you very much. In the meantime we applied the recently developed DNA tests that allow the unequivocal diagnosis of LPN1 and LPN2 carriers. Further details are given at: http://www.genetics.unibe.ch/content/service/dog/index_eng.html

| Lab ID | Dog | Kennel | Breeding ID | Chip ID | Sex | DOB | LPN1 | LPN2 |
|--------|-------------------------------|-----------------------|--------------|---------|-----|------------|------|------|
| LB3452 | Angel Harko | Löwe vom Spittergrund | DLZB 24497 | | f | 06.02.2011 | N/N | N/N |
| LB3454 | Laela | Lions from D'es | LOSH 1112183 | | f | 24.04.2012 | N/N | N/N |
| LB3455 | Ghost | Leuenfort | DLZB 25389 | | m | 13.07.2012 | N/N | N/N |
| LB3456 | Mi Amigo | Leo's vom Kvallk | LOE2107083 | | m | 17.07.2012 | N/N | N/N |
| LB3457 | Lona | Lions from D'es | LOSH 1120633 | | f | 21.10.2012 | N/N | N/N |
| LB3458 | My Real Friend Mr. Mystery | Lions from D'es | LOSH 1133439 | | m | 27.08.2013 | N/N | N/N |

The diagnostic tests were carefully conducted using state-of-the-art methodology. Nevertheless, errors cannot be excluded with 100% probability, as there is for example always a very small possibility of novel unknown DNA mutations. We therefore cannot give a warranty on the accuracy of the results. Any liability for subsequent damages in the course of an incorrect test result is excluded.

Kind regards

Prof. Dr. Cord Drögemüller

The International Leonberger Union (ILU) wants to publish the LPN genotypes. Therefore, ILU pleases you to e-mail this page to secretary@leonbergerunion.com or to send a hard copy to: International Leonberger Union, Hein Sibrijns, La Tissière, F-03130 Loddes.
